Stillwater, MN 55082-6132

RE: Lower St. Croix One Watershed One Plan

Dear Commissioner Miron:

The Brown’s Creek Watershed District (BCWD) is signatory to the Lower St. Croix One Watershed One Plan (LSC1W1P) Memorandum of Agreement for purposes to collectively develop, adopt and implement a coordinated watershed management plan. The BCWD has participated in the process through the Policy Committee, Advisory Committee, Steering Committee and the Planning Team.

The BCWD has reviewed the Draft Lower St. Croix Comprehensive Watershed Management Plan (Plan) dated March 2020. Review of the Plan indicates that the BCWD is well postioned, through its own comprehensive watershed management plan, to implement projects and programs identified in the Plan related to the listed issues. The BCWD does not have any further comments on the Plan at this time.

At their regular meeting on March 11, 2020, the BCWD Board of Managers, by a Board motion, authorized Manager Leiser LSC1W1P Policy Committee appointee, to vote in favor of submitting the Plan for 60-day review to the State of Minnesota.

If you have questions or need additional information please contact me at 651.330.8220 x26 or karen.kill@mnwcd.org.

Sincerely,

Karen Kill
BCWD Administrator
