Our organization commits to the following activities in support of the Pollinator Resolution: (e.g. Your organization can define what you will do in support of pollinators. Examples include but are not limited to converting x square feet to native pollinator-friendly habitat or planting x number of pollinator-friendly plants. The more measurable the action the better, as the Collaborative will work with you to track what has been accomplished at the end of each year.) The BCWD is currently developing the next 10 year management plan (2017-2026). The BCWD Board will be using the pollinator resolution to help guide policies & implementation in that plan.	
My signature represents my organization's consideration of and commitment to the Pollinator Resolution. X <u>Craig J Leiser</u> PRESIDENT <u>5/13/15</u> Signature Date
