

Raptor Center Requirements:

How to prepare:

- Please provide a ***smooth, level area*** for perching.
- Please provide a space that is ***at least 15' x 15'*** for the birds and perches.
- Please supply a ***6-foot-long table*** at an adult's waist height for bird crates and props.
- If inside, a ***backdrop*** (such as a wall, curtain or divider) is preferred.
- Please provide a **space that will be clear of any balloons, items hanging from the ceiling, other animals, busy entrances/exits, and drones.**
- **If your Booth is outdoors:**
 - The area provided ***must be at least 30 yards away from roads or parking areas.***
 - On hot or sunny days ***shade is necessary*** for the health and safety of the birds.
 - Please ***keep the immediate area free of dogs and other animals.***

They will also provide posts and ropes to keep people from getting too close to birds.

Bird City Requests:

- **Room for 2-3 tables (with possibility of canopy covering)**
Displays/literature that includes: World Migratory Bird Day theme of “water”, window/glass prevention, birds and climate change, lights out, bluebird recovery, and Bird City Stillwater Info.
- **Located near the Raptors and other bird tables/displays.**

Other:

- **We will provide the Raptor Center their required table.**
- **Sustainable Stillwater may want to have info including “what's that plant” along Browns Creek Trail.**
- **Sustainable Stillwater/Bird City can promote the event via social media, newspapers etc.**
