

BCWD Watershed Management Plan Update

CAC Issues and Goals Worksheet – Education and Outreach

As you review the attached plan content for the issue category *Education and Outreach* consider the following questions. Your response to these questions may help to identify updates that need to be made to the issue statement, the sub-issue statements, and/or the policies and goals. Use this worksheet to make notes for the discussion on June 10th or to leave with District staff after the meeting.

Education Needs:

- What topics or information do you think are most important for community members to learn about regarding the watershed?
- How do you prefer to receive information about watershed issues (e.g., workshops, online resources, community meetings)?
- Are there any specific groups or demographics in our community that you think need more targeted education efforts?

Effectiveness of Outreach Activities:

- What types of outreach activities or events do you find most engaging and informative?
- Are there any barriers that prevent you or others from getting involved in these activities?
- How can we make our outreach efforts more accessible and inclusive for all community members?

Feedback on Goals and Strategies:

- Do you think the proposed goals for watershed education and outreach are appropriate and achievable? Why or why not?
- Are there any additional goals or priorities you think should be included to address the District's education and outreach needs?
- What specific strategies or actions do you think would be most effective in achieving these goals?

Evaluation and Improvement:

- How should the District measure the success of its education and outreach efforts?
